BIG SCREEN SCOREBOARD OPERATOR

The Williamstown Football Club is seeking expressions of interest to fill a match day role of Scoreboard Operator for season 2018/2019.

We have recently taken possession of a full digital LED 'big screen' scoreboard which is currently in testing mode. The plan is to have the screen permanently erected for season 2019.

The role will suit someone who has solid computer skills, an interest in AFL and a desire to join a historic, progressive, and professional club, with a strong brand in the sporting industry.

Part of your responsibility will be to co-ordinate vision & audio of embedded TV commercials and PowerPoint presentations, to promote our corporate partners, and club events.

The successful applicant will be well-presented, punctual, and trustworthy. You will enjoy club benefits and play an important role within the 'Soaring Seagulls' volunteer base. The role is an immediate start.
